

Mercy Center Burlingame Client List

Charles and Helen Schwab Foundation

"We always look forward to our meetings at Mercy Center, whether for our executive team or for our whole staff. Though it's not far from our office, the forested grounds provide a tranquil sense of retreat, which helps us to focus on our true priorities and to enjoy building relationships. The conference staff is thoughtful and attentive, while giving us plenty of space to get our work done. Mercy Center is a wonderful resource for us."

SBG Professional Coaching

"All the women who attend my workshops are thrilled to discover Mercy Center. Most of them have never been there. I find it interesting that it is such a well kept secret in our neighborhood. Thank you for opening it up to the locals and making it affordable. My clients and I really appreciate it."
